

BLACK HAWK CORN PLANTER No. 15 VARIABLE DROP! Light Draft, Simple Construction.

Our special new feature in this planter is that we not only get an accurate number of kernels in each hill, but we get the number of kernels in each hill which the fertility of the soil is able to bring to perfect maturity.

No field was ever known to contain exact uniformity in strength of soil. It is just as unreasonable to expect the same results from thin, weak soil, in comparison with deep, rich soil, as it is to expect a child to do a man's work. This is a reasonable proposition, particularly to the scientific corn grower.

More money is being spent and greater efforts along educational lines are being made to-day than ever before in the world's history to increase the yield of corn per acre. We contributed a very large effort to accomplish these results with our Black Hawk single kernel edge drop, and we now add to our combination the No. 15 Variable Drop, with which the drop can be changed to 2, 3 or 4 kernels in a hill without stopping the team; or can drill 7 1-2, 10 or 15 inches, 9, 12 or 17 1-2 inches, or 11, 14 or 22 inches apart, without stopping the team.

Hand Drop Attachment with each Planter, has Foot Drop also. Will plant last two rows and wind wire at same time. Come and let us show you the best planter made.

Carries Most Sand

Superior Portland Cement carries the most sand, because it is ground the finest. This makes it cost less than others sold at the same price. It is also lowest in magnesia—fraction of 1 per cent. This is why Superior concretes never crack or crumble. Build with it. It's a true Portland Cement. Write for free Superior Catechism No. 38. Then keep on insisting until your dealer supplies Superior.

Anonymous Letter to Carlisle Sheriff.

James Mitchell, sheriff of Nicholas county, received an anonymous letter through the mail which contained threats to blow up the county jail at Carlisle and threats of personal violence against Richie Smoot.

The writer says that the threats will be put into force if the prosecutions against Laura Gray, who is in jail awaiting trial on a charge of the alleged murder of her infant child, and Richie Smoot, who is under \$5,000 bond to answer a charge of being an alleged accessory to the alleged murder of the child, are not disposed of according to the instructions of the writer of the letter. The letter contains no threats against the officials, but tells the sheriff to notify persons concerned to do as the writer says.

The trials of the Gray girl and Smoot will be called in the Nicholas Circuit Court May 2.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R.No.1) prevented a dreadful Tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and my awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1. Trial bottle free. Guaranteed by Oberdorfer.

Modern War.

"Your soldiers look fat and happy. You must have a war chest." "Not exactly, but things are on a higher plane than they used to be. This revolution is being financed by a moving-picture concern."

Its Equal Don't Exist.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands or sprains its supreme. Unrivalled for Piles. Try it. Only 25c at Oberdorfer's.

Where One Cannot Drown.

In the Great Salt Lake people are not drowned through sinking, but strangled while still afloat. The bitter water may enter the air passages with fatal effect, but the body floats until it reaches the shore and is picked up. —Harper's Weekly.

Gives Aid to Strikers.

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel action. Excellent health soon follows. Try them. 25c at Oberdorfer's.

Morgan's Escape Still a Mystery

Although the tunnel beneath the cell block through which General John Morgan and his men escaped from the Ohio Penitentiary November 27, 1863, was uncovered a few days ago by workmen and thoroughly explored, no light was thrown upon the mystery of how the little band of men finally escaped from the prison.

Beneath the cells occupied by the Confederates and opening into the walls were the scars of holes which had been drilled to the tunnel, but as the passageway lies wholly within the walls and the buildings it is not known how they finally found their way to freedom.

Along the sides of the tunnel there had been digging in several places, but it does not seem that any of them could have been used as a connecting tunnel. At one end of the passageway, which is an old air chamber, a small grating overlooks the prison yard, and this is the only place through which they could have gone.

In building the new penitentiary the Morgan cell is to be preserved intact as a historical relic.

The escape has puzzled historians for almost half a century, and that the prisoners walked out of the penitentiary to freedom through the front gate either boldly or aided and abetted by officials of the institution was the belief of authorities at the prison.

Magazine Hint.

When putting away old magazines in the attic, clip out the page which contains the table of contents and write the name of the magazine it belongs to and the month from which it was taken on the margin. Then any article can be referred to and the magazine and page found without any loss of time.
